BOXES AND WHEELS

By "boxing" or "wheeling," you can combine several bets on one ticket, as follows:

DAILY DOUBLE

Wheel a "key" horse in one race with several horses in the other—your ticket is cashable if the key horse and one of your choices in the other race are both winners.

Example: \$2.00 Double Wheel, number 4 in the 1st race with all nine horses in the 2nd race — total cost \$18.00 (9 combinations).

PERFECTA

Box two or more horses — your ticket is cashable if two of the boxed horses finish first and second.

Examples: \$2.00 Perfecta Box, (3 and 5) — cost is \$4.00 (2 combinations)

\$3.00 Perfecta Box, 2, 4, 6 — cost is \$18.00 (6 combinations)

\$1.00 Perfecta Box, 1, 3, 5, 8 — cost is \$12.00 (12 combinations)

Wheel a "key" horse to the rest of the field — your ticket is cashable if the key horse finishes in the selected position — either first ("on top") or second ("on the bottom").

Example: \$1.00 Perfecta Wheel, 3 "on top" — with a 9-horse field, cost is \$8.00 (8 combinations).

TRIFECTA

Box three or more horses — your ticket is cashable if three of the boxed horses finish first, second and third in any order.

Examples: \$1.00 Trifecta Box, 2, 5, 7 — cost is \$6.00 (6 combinations).

4 horses = 24 combinations; 5 horses = 60 combinations; 6 horses = 120 combinations, etc.

Key Horse Box also available — **Example:** \$1.00 Trifecta Key, number 4 with numbers 5, 6 and 9 — cost is \$6.00 (6 combinations) and the ticket is cashable if number 4 (the "Key" horse) wins and two of numbers 5, 6 and 9 finish second and third. Key horse plus 2 horses = 2 combinations; Key horse plus 4 horses = 12 combinations. Key horse plus 5 horses = 20 combinations, etc.

Wheel two horses to the rest of the field — your ticket is cashable if the two specified horses finish in the selected positions.

Example: \$1.00 Trifecta Wheel, 2-6 - "all" — with a 9-horse field, cost is \$7.00 (7 combinations).

Variations: all - 2 - 6, 2 - all - 6.

Wheel a "Key" horse to the rest of the field — your ticket is cashable if the key horse finishes in the selected position.

Examples: \$1.00 Trifecta Wheel, 5 - all - all — with a 9-horse field, cost is \$56.00 (56 combinations).

Partial Wheels - are also available in Double, Perfecta and Trifecta betting.

Examples: \$1.00 Trifecta Part Wheel, 3 with 8 with 1, 2, 4 and 9 — cost is \$4.00 (4 combinations) and the ticket is cashable if number 3 wins and number 8 finishes second and any of the numbers 1, 2, 4 or 9 finishes third.

Please note -

When calling Box or Wheel bets to a teller, specify the amount of the **base bet** — for example: \$1.00 Trifecta Box, \$2.00 Perfecta Wheel — and not the total cost of the wager.

MUTUEL DEPARTMENT RULES

All payoffs by the pari-mutuel departments of associations licensed by the racing commissioner are subject to the regulations of the United States Government, the Internal Revenue Service, and applicable statutes of the State of Michigan.

R 431.2001 Definitions: B to M

Rule 2001. As used in this part:

(a) "Betting interest" means a single horse, or more than 1 horse joined as a mutual entry or joined in the mutual field, on which a single pari-mutuel wager may be placed.

(b) "Entry" means either of the following:

(i) A horse entered in a race.

(ii) Two or more horses which are entered in a race which are coupled as the mutual field pursuant to rules of the racing commissioner.

(c) "Mutual entry" means 2 or more horses entered in a race which are coupled as a single betting interest because the horses are owned wholly or in part by the same owners or are trained by the same trainer.

(d) "Mutual field" means a single betting interest which involves more than 1 horse and which is formed, when the number of horses starting in a race exceeds the number capacity of the totalisator, by grouping the highest numbered horse within the numbering capacity of the totalisator and all horses of a higher number.

R 431.2005 Definitions: P to W

Rule 2005. As used in this part:

(a) "Place," when used in the context of a single position in the order of finish in a race, means second. When used in the context of pari-mutuel wagering, a "place" wager is one involving a payoff on a betting interest which finished first or second in a race. When used in the context of multiple positions in the order of finish in a race, "place" or "placing" means finishing first, second, or third.

(b) "Post time" means the time set for the arrival of the horses in a race at the starting post.

(c) "Scratch" means the withdrawal of a horse entered for a race after the time of closing.

(d) "Starter" means a horse in front of whom the stall doors of the starting gate open at the time the starter dispatches the field or, when no starting gate is used or a mobile starting gate is used, the starter gives the word "go."

(e) "Winner" means a horse whose nose reaches the wire first carrying its jockey or driver, a horse whose nose reaches the wire at the same instant as the nose of a horse sharing first place carrying its jockey or driver, or a horse awarded first place by the commissioner or stewards because of the disqualification of an actual first-place finisher.

R 431.2010 Pari-Mutuel ticket sales payoffs.

Rule 2010.

(1) Pari-mutuel tickets shall be sold only at either regular ticket windows which are properly designated by signs or through authorized systems or messengers. Pari-mutuel tickets shall not be exchanged, except as otherwise provided for in R 431.2105, R 431.2110, and R 431.2115.

(2) Wagers shall be paid when a race is declared official by the Stewards. A race shall be deemed official when an official sign is purposely displayed or an official announcement is made. Any subsequent ruling of the commissioner or stewards with regard to the award of purse money shall have no bearing on the mutual payoff.

(3) Payment on winning pari-mutuel tickets shall be made only upon presentation and surrender of such tickets.

(4) All winning pari-mutuel tickets may be presented for payment to the association concerned within 60 days after the last day of the race meeting pursuant to section 2 of Act No. 90 of the Public Acts of 1951, as amended, being, R 431.252 of the Michigan Compiled Laws.

(5) Tickets altered or mutilated in any way are void and worthless. Torn tickets, if properly identifiable, will be honored by the association. The responsibility for identifying tickets rests with the association.

(6) Each holder of a race meeting license shall distribute to the persons holding winning tickets, as a minimum, a sum not less than \$1.10 calculated on the basis of each \$1.00 deposited in a pool, except that each race meeting licensee may distribute a sum of not less than \$1.05 to persons holding winning tickets for each \$1.00 deposited in a minus pool. As used in this subsection, "minus pool" means any win, place, or show pool in which the payout would exceed the total value of the pool.

(7) If there is any error in calculation where the public is underpaid, the amount of the underpayment shall be added to the same pool on the next race. If such an error results in the public being overpaid, the amount of the overpayment is chargeable against the funds of the racing association.

(8) Payments will be made only on the first 3 horses passing the finish line according to the official order of finish, except in the case of a dead heat for show, in which case payments will be made on the first 4 horses.

(9) If a horse is excused from racing for any reason after the betting thereon has begun, or if a horse becomes locked in the starting gate, the money bet on that horse shall be refunded, except that when the horse is part of an entry or a mutual field, there shall be no refund if the entry or the mutual field, as the case may be, has a least 1 actual starter.

(10) The association shall require positive identification of a winning ticket holder before payment when, in the stewards' discretion, circumstances warrant the action.

R 431.2015 Emergencies, errors.

Rule 2015

(1) If any emergency arises in connection with the operation of the mutual department and the emergency is not covered by these rules and an immediate decision is necessary, the mutual manager shall make the decision, and a prompt report of the facts shall be made to the stewards and the racing commissioner.

(2) If an error is made in posting the odds or payoff figures on the public board, it shall be corrected promptly and only the correct amounts shall be used in the payoff, irrespective of the error that may have appeared on the public board. If, because of mechanical failure, it is impossible to promptly correct the posted payoff, a statement shall be made over the public address system stating the fact and corrections.

ADVICE FOR HANDICAPPERS

Evaluating Jockeys

Whether you bet \$2 on a horse or \$2,000, what you are doing is **HIRING** the horse and jockey to win that particular race for you. When you hire a person to do a job for you, don't you want to know something about the person's skills, background, strengths and weaknesses. Of course you do.

Too many handicappers feel that "there is no difference among the top riders at any racemeet" or "the jockey does not make a difference of more than 5%" or "if I like a horse, it does not matter who the rider is."

Facts and statistics that have been compiled through extensive manipulation of a computer data bases proves those ideas are fallacies. It is of utmost importance to know as much as possible about the rider you are thinking about **HIRING**. Consider the following:

- * The top 20 jockeys historically win about 90% of all races at a particular meet. This means that 20% of the riders win 90% of the races.

(It is important to identify not just the top ten riders, but the top 20 riders at the meet. This is basic to the fan's selection of an acceptable rider.)

- * The jockey agents of the leading riders are well aware of the fact that of 300 or so trainers at any one meet, the top 40 trainers will win 70% of the races run.

- * These jockey agents will try not to book mounts for their riders on horses of trainers that are rarely successful. They know which trainers can win, and which cannot.

(Try to pick horses with one of the top jockeys riding for a trainer who wins at least sometimes. Top riders do have to ride for unsuccessful trainers on occasion because the money earned from riding losers is substantial. A rider can ride 30 losers a week and still gross about \$1,200 per week. This is without winning, or even finishing second.)

- * The top riders usually have what is called "stable connections" and relationships that are often critical in evaluating a trainer's intentions and a rider's possibilities.

- * Statistical analysis has proven that some riders will have a win percentage of up to 40 to 50% when riding a particular trainer's horses. It is common for a rider to win at least 20% for some trainers and then none at all for others.

(For example, if a smart trainer wants to get Richard DePass to ride his horse, he must think he horse has an excellent chance to win. He would not ask nor might DePass accept the mount if the horse was hopelessly overmatched in the field. Consequently, he will ask another jockey who would readily accept the mount even though the chances of winning are slim.)

- * Try to keep track of which trainers the top riders win for. It will be simple to comprehend what is happening through statistical analysis of the jockey-trainer relationships.

MUTUEL DEPARTMENT RULES

All payoffs by the pari-mutuel departments of associations licensed by the racing commissioner are subject to the regulations of the United States Government, the Internal Revenue Service, and applicable statutes of the State of Michigan.

R 431.2001 Definitions: B to M

Rule 2001. As used in this part:

(a) "Betting interest" means a single horse, or more than 1 horse joined as a mutual entry or joined in the mutual field, on which a single pari-mutuel wager may be placed.

(b) "Entry" means either of the following:

(1) A horse entered in a race.

(2) Two or more horses which are entered in a race which are coupled as the mutual field pursuant to rules of the racing commissioner.

(c) "Mutuel entry" means 2 or more horses entered in a race which are coupled as a single betting interest because the horses are owned wholly or in part by the same owners or are trained by the same trainer.

(d) "Mutuel field" means a single betting interest which involves more than 1 horse and which is formed, when the number of horses starting in a race exceeds the number capacity of the toteboard, by grouping the highest numbered horse within the numbering capacity of the toteboard and all horses of a higher number.

R 431.2005 Definitions: P to W

Rule 2005. As used in this part:

(a) "Place," when used in the context of a single position in the order of finish in a race, means second. When used in the context of pari-mutuel wagering, a "place" wager is one involving a payoff on a betting interest which finished first or second in a race. When used in the context of multiple positions in the order of finish in a race, "place" or "placing" means finishing first, second, or third.

(b) "Post time" means the time set for the arrival of the horses in a race at the starting post.

(c) "Scratch" means the withdrawal of a horse entered for a race after the time of closing.

(d) "Starter" means a horse in front of whom the stall doors of the starting gate open at the time the starter dispatches the field or, when no starting gate is used or a mobile starting gate is used, the starter give the word "go."

(e) "Winner" means a horse whose nose reaches the wire first carrying its jockey or driver, a horse whose nose reaches the wire at the same instant as the nose of a horse sharing first place carrying its jockey or driver, or a horse awarded first place by the commissioner or stewards because of the disqualification of an actual first-place finisher.

R 431.2010 Pari-Mutuel ticket sales payoffs.

Rule 2010.

(1) Pari-mutuel tickets shall be sold only at either regular ticket windows which are properly designated by signs or through authorized systems or messengers. Pari-mutuel tickets shall not be exchanged, except as otherwise provided for in R 431.2105, R 431.2110 and R 431.2115.

(2) Wagers shall be paid when a race is declared official by the Stewards. A race shall be deemed official when an official sign is purposely displayed or an official announcement is made. Any subsequent ruling of the commissioner or stewards with regard to the award of purse money shall have no bearing on the mutual payoff.

(3) Payment on winning pari-mutuel tickets shall be made only upon presentation and surrender of such tickets.

(4) All winning pari-mutuel tickets may be presented for payment to the association concerned within 60 days after the last day of the race meeting pursuant to section 2 of Act No. 90 of the Public Acts of 1951, as amended, being, R 431.252 of the Michigan Compiled Laws.

(5) Tickets altered or mutilated in any way are void and worthless. Torn tickets, if properly identifiable, will be honored by the association. The responsibility for identifying tickets rests with the association.

(6) Each holder of a race meeting license shall distribute to the persons holding winning tickets, as a minimum, a sum not less than \$1.10 calculated on the basis of each \$1.00 deposited in a pool, except that each race meeting licensee may distribute a sum of not less than \$1.05 to persons holding winning tickets for each \$1.00 deposited in a minus pool. As used in this subsection, "minus pool" means any win, place, or show pool in which the payout would exceed the total value of the pool.

(7) If there is any error in calculation where the public is underpaid, the amount of the underpayment shall be added to the same pool on the next race. If such an error results in the public being overpaid, the amount of the overpayment is chargeable against the funds of the racing association.

(8) Payments will be made only on the first 3 horses passing the finish line according to the official order of finish, except in the case of a dead heat for show, in which case payments will be made on the first 4 horses.

(9) If a horse is excused from racing for any reason after the betting thereon has begun, or if a horse becomes locked in the starting gate, the money bet on that horse shall be refunded, except that when the horse is part of an entry or a mutual field, there shall be no refund if the entry or the mutual field, as the case may be, has at least 1 actual starter.

(10) The association shall require positive identification of a winning ticket holder before payment when, in the stewards' discretion, circumstances warrant the action.

R 431.2015 Emergencies, errors.

Rule 2015

(1) If any emergency arises in connection with the operation of the mutual department and the emergency is not covered by these rules and an immediate decision is necessary, the mutual manager shall make the decision, and a prompt report of the facts shall be made to the stewards and the racing commissioner.

(2) If an error is made in posting the odds or payoff figures on the public board, it shall be corrected promptly and only the correct amounts shall be used in the payoff, irrespective of the error that may have appeared on the public board. If, because of mechanical failure, it is impossible to promptly correct the posted payoff, a statement shall be made over the public address system stating the fact and corrections.
